GRAVE WAR THREAT IN SOUTH AMERICA

BOLIVIA RUSHING MOBILISATION

PARAGUAY PREPARED

ANNOUNCEMENT OF DECLARATION OF
HOSTILITIES ON AUGUST 6.

Buenos Aires, To-day.

It is understood that Bolivia will declare war on Paraguay on August 6, according to a message from La Paz, published in the newspaper "Noticias Graficas," by which date the mobilisation of the Bolivian army will be completed.

Already almost the entire standing Army is en route to the frontier, which is virtually closed.

Meanwhile, it is reported from Asuncion, Paraguay, that 10,000 Reservists have presented themselves for service, but have been informed by the authorities that they would be called to the colours only in a case of emergency.

Paraguay, however, is making every preparation for war.

The dispute between Bolivia and Paraguay is a sequel of the recent frontier clashes in the Granchaco region, where for many years the two countries have disputed the line of Border demarcation. In years past there have been serious clashes between the two nations, intermittent acts of warfare, near war and general feeling of hostility. They have reached a new crisis.

The majority of the native inhabitants of these countries are of Latin descent.

British interests in the two states are not great, but there are certain public services, built by British capital, which may be threatened with loss in the event of war.

BELGIAN DRIVE ON COMMUNISM.

Crisis After Coalfield
Strike.

DANGEROUS SITUATION.

Budding Revolution
Is Uncovered.

(Reuter's Special Service.)

Brussels, To-day.
The Government has begun its big drive against Communist activities in Belgium, following on the serious strikes in the coal fields which indicated that the Communist organisation was reaching a dangerous pitch of enthusiasm.

Investigations at Hainaut, Liege, Brussels and Antwerp revealed their preparations for the overthrow of the existing Monarchist Regime had been made. (Continued on Page 12.)

PORTUGAL PLANS RITES FOR DEPOSED KING.

British Cruiser Carrying Ruler
To Burial Place.

London, To-day.

The British cruiser, H.M.S. Concord, will sail from Portsmouth with the body of ex-King Manoel of Portugal on Friday next in order to arrive at Lisbon on August 2. Two destroyers will escort H.M.S. Concord. In Lisbon General Armona, President of the Republic, is personally supervising civil arrangements for the funeral and has invited all members of the Diplomatic Corps to attend. — British Wireless Service.

GHASTLY LOSS IN SHIP DISASTER.

69 German Cadets
Perish.

VESSEL CAPSIZED.

Training Craft Niobe
Had 100 On Board.

Berlin, To-day.

Sixty-nine cadets of the German naval training ship Niobe, have been given up as lost, according to official announcement from the Admiralty.

The vessel, a sailing craft, capsized off Kiel. There was no warning, no chance to take to the boats. Out of a crew of 100, only 31 escaped. The story of their harrowing experiences has roused the nation to admiration of their pluck and endurance, while the tragedy of the loss of their comrades causes the deepest of mourning. — Reuter.

No Trace Of Survivors.

Later.
Despite long search no further trace has been found of the survivors. A heavy squall capsized the ship which sank in 2 or 3 minutes. — Reuter.

NO SECRET MISSION TO LONDON.

Irish Minister Still
At Home.

London, To-day.

The speculation aroused by the report that Mr. Flinn was travelling to London are without foundation and it appears that the report was due to misunderstanding.

Mr. Flinn has been in Cork, and has now returned to Dublin. — Reuter.

GARRISON SCHOOL

Prize Distribution This
Morning.

LARGE GATHERING AT
VOLUNTEER H.Q.

Tribute To
G.O.C.

FLAG PRESENTED FOR
INTER-SCHOOL SPORTS.

The annual prize-giving of the Hong Kong Garrison School, took place at Volunteer Headquarters this morning.

The drill hall, gaily decked with flags and ferns, was crowded with pupils, parents and friends.

The Officer Commanding H.M. Forces in China, His Excellency, Major-General J. W. Sandilands, C.B., C.M.G., D.S.O., attended to distribute the awards. Supporting him on the platform were, Captain P. S. Cannon, M.A., A.E.C., Col. C. R. U. Saville, O.B.E., D.S.O., P.S.C., G.S.O., Lt. Col. G. T. Raikes, D.S.O., Mr. G. P. de Martin, M.B.E., Director of Education, Mr. F. E. Creighton, Headmaster.

The proceedings were marked with the enthusiastic reception of the inauguration of an inter-school sports competition, open to the Garrison Schools of Hong Kong and Kowloon, for a flag presented by Major-General Sandilands.

Songs and recitations were given before and after the prize distribution, by pupils of the school.

A display of handwork, executed by the pupils was shown, and was the subject of favourable comment.

Reading the School Report for the period from September 1, 1931, to July 31, 1932, Captain Cannon said that during the past year there had been many changes in the Staffs of the Garrison Schools on this side. With the exception of Miss Hill, who was returning to the United Kingdom this coming Trooping Season, the whole of the staff had been changed.

He took the opportunity of welcoming Warrant Officer Creighton and Queen's Army School-mistresses, Mrs. Guard, Mrs. Creighton, Miss Williams and Mrs. Cheetham, and hoped that they would enjoy their stay in Hong Kong.

"There are 184 children on the school books and the average attendance for the past 12 months was 92 per cent. This is considered extremely good in view of the numerous epidemics that visited Colony," he said. (Continued on Page 7.)

GENERAL DAWES' SUCCESSOR.

Mr. Pomerene To Head
U.S. Finance Body.

NATIONAL FIGURE.

Washington, To-day.

President Herbert Hoover has announced the appointment of the former Democrat Senator, Mr. Atlee Pomerene, of Canton, Ohio, to succeed General Charles G. Dawes as chairman of the Federal Reconstruction Finance Corporation. General Dawes retired from that office recently to devote himself to his own large business affairs.

Mr. Pomerene is one of the nation's leading financial figures. He is a legal counsel of distinction, also, and was selected by President Calvin Coolidge to prosecute the "oil cases" several years ago, in which prominent persons were linked with allegedly illicit sales of oil leases. — Reuter.

CRICKET.

LANCASHIRE'S SIXTH WIN.

Yorkshire Secure Major
Points At Trent Bridge.

SUSSEX SET-BACK.

Warwick Beat Worcester
At Edgbaston.

London, Yesterday.

Trent Bridge was the scene of a thrilling struggle for major points when Yorkshire were set 169 runs for first innings points in threatening weather. The Champions just succeeded in their object before heavy rain fell and caused the abandonment of the match. Macaulay (5 for 49) was largely responsible for the low Nottingham total.

With Kent drawing at the Oval Yorkshire are now only 2 points behind the southern leaders with two games in hand.

Sussex, another of the southern challengers, received a setback at Clacton were they totally defeated 261 for 8 declared, Bowley contributing his third century of the season, before rain caused the abandonment of the game. In spite of the division of points and the Lancashire victory at Manchester, Sussex maintain their position of fourth in the table.

Brilliant bowling by Iddon (9 for 77) caused the Leicestershire defeat at Manchester; Lancashire winning by the handsome margin of 132 runs—their sixth win of the season. Astill, the veteran slow bowler, took 6 second innings Lancashire wickets for only 41 runs to dismiss the side for 155 and to set his county the task of scoring 263 runs for victory.

Norman Partridge signalled his return to the Warwickshire eleven by securing 6 Worcester wickets for 94 runs, while Bob Wyatt, the former England captain, took half the second innings wickets for 32 runs to give Warwickshire their fourth victory of the season. Jackson took 5 for 94 in Warwick's first innings when they gained a lead of but 4 runs.

(Results and Table on Page 4.)

POSTAL SERVICES SUSPENDED.

Harbin Mail Office

Inoperative.

BY NANKING ORDER.

Shanghai, To-day.

The postal service at Harbin has been suspended by the Commissioner there, Mr. F. L. Smith, under instructions from Nanking.

Mr. Smith has issued a notification disclaiming responsibility for all liabilities, such as savings deposits, uncashed money orders and other "on sight" payments in the Liaoning and Kihai districts, amounting to several hundred thousand dollars. He declares that movable and immovable assets, amounting to \$2,700,000 fully cover all liabilities.

The Manchukuo authorities are attempting to restore the service, and intend to use Japanese stamps for foreign mail. — Reuter.

FOOTBALL DISPUTE

South China Lodge
Formal Protest.

MEETING OF AFFILIATED
CLUBS ON FRIDAY.

Voting Qualifications.

The South China Athletic Association at a meeting last night decided to lodge a formal protest to the H.K.F.A. and to demand another meeting of the Club representatives in order to re-elect officers and councillors of the Hong Kong Football Association.

Mr. Mok Hing, who has been authorised to act in this matter, is calling a meeting of representatives of all affiliated clubs on Friday.

This is the sequel to the demand made by the two Chinese Clubs, South China A.A. and the Eastern A.A., to know the names of all persons who were present and who voted at the last Annual General Meeting of the H.K.F.A. on July 8.

The following two paragraphs are from the letter sent by the South China A.A. and signed by Mr. Mok Hing to the Chairman of the H.K.F.A. on July 13:

There were 41 votes cast at the election of the Honorary Secretary, 23 votes for Mr. W. E. Hollands and 18 for Sgt. A. R. Brittain. Also some of the Councillors received as many as 43 votes. On pages 51-52 of the Association Handbook 1931-32, under "Clubs Affiliated to the Association," there are only 18 names. The maximum number of accredited representatives entitled to vote at that meeting according to Association Rule No. 5 could not therefore exceed 36.

The S.C.A.A. protest that the whole procedure, particularly the election at the Annual General Meeting of the H.K.F.A., is not in order, and to ask you to call another General Meeting and have another election.

SEVERE FIGHTING IN NORTH COUNTRY.

Japanese Report Two
Stiff Engagements.

"RED SPEARS" DISPERSED.

Harbin, To-day.

According to Japanese reports a heavy engagement, lasting eleven hours, began at 7 p.m. on Sunday at Shih-tawhotze between Japanese and anti-Manchukuo troops.

The Japanese, who finally drove off the anti-Manchukuo forces, claim their own casualties as 4 killed and 22 wounded and those suffered by the enemy 150 killed and 200 wounded.

It is learned that a thousand anti-Manchukuo troops at Talanchan, 80 miles north-east of Tsitsihar, have joined the Manchukuo "loyalists."

It is reported that an all-day battle took place yesterday at Wokimoh between Japanese and "Red Spears," resulting in the dispersal of the latter. — Reuter.

GERMANY THREATENS TO ARM

DISSATISFIED WITH INEQUALITY

VON SCHLEICHER DECLARES
DISARMAMENT FAILED

Berlin, To-day.

The alarming threat that Germany would arm up to the level of her neighbours, if they refused to disarm to her level, was uttered to-day by General Von Schleicher, Minister for Defence, and recently appointed Governor of Berlin and Province of Brandenburg in the Von Papen coup d'etat in Prussia. General Von Schleicher, one of the foremost figures of Germany to-day, delivered his ultimatum over the radio. He alluded to the "catastrophic failure of the Disarmament Conference."

General Von Schleicher was concerned, he said, with his country's insecurity among her armed neighbours. But apart from the significance of his remarks in their bearing upon the likelihood of an abrupt change of attitude in the matter of military policies, and the consequent concern which other nations of Europe must feel, his charge that France had shown hypocrisy in the question of disarmament is likely to have a particular and inflammatory effect upon that country.

Nobody, declared General Von Schleicher, expected that other countries would disarm to the German level. Therefore Germany would adopt the only alternative and reorganise her army.

Change of Attitude.
This statement of the Minister for Defence is in keeping with the apparent swift change in Germany's general attitude towards disarmament. Until recently, the Government favoured the proposals of President Herbert Hoover of the United States for a large general reduction in all armaments, and plans for the further reduction of the strength of the world's navies.

Then, when it came time to vote upon the resolution during the Disarmament Conference in Geneva, Germany joined Russia in opposing the principle of the Hoover Proposal. This was a shock to Europe. The announcement of General Von Schleicher adds to the general apprehension. — Reuter.

There is significance, too, in the fact that General Von Schleicher's stand corresponds largely with that of the followers of Herr Adolf Hitler, the Nazi leader.

"Confidence Pact."
London, Yesterday.

The decision of the German Government to adhere to the Pact for a European Entente, has created much satisfaction in London and has also been cordially welcomed in Paris. In addition to Britain, France, Italy, Belgium and Germany, Poland, Greece and Hungary have now joined, and other countries are expected to notify of their adherence in the near future.

The object of the Pact is to enable the major European problems to be faced in a manner of candour and mutual assistance, which proved so advantageous at Lausanne.

SEED DRINK-MAKER WINS RELEASE.

But Herb Beverage Is
Unlawful.

PROBLEM FOR COURT.

Questions of large import were raised in Central Police Court to-day. Are bird seeds herbs? Are they fruit juice? And what is sarsaparilla? Or is a root an herb?

The hearing before Mr. Wynne-Jones was that against Chinese vendors, for breaches of the recent regulation made against the sale of sweet drinks and for the prevention of cholera.

In the first case, the defendant stated that he made his drink from seeds. He then added boiled water and left the beverage to cool.

His Worship—I think it is absurd that I have to discharge him.

Another stall vendor was fined \$5 for selling a drink prepared from American oranges.

In connection with the third case, his Worship queried—"Now what is sarsaparilla?"

Inspector Andrew—It is the extract from a root.

His Worship—Is a root a herb?

Inspector Andrew was not sure but said that the drink was made from the essence. Defendant was consequently discharged. Three others were fined \$5 each, for selling preparations from various fruit juices.

"THE SIN OF MADELON CLAUDET"

Directing talking pictures is in-
 finitely harder than directing stage
 plays, according to Edgar Selwyn,
 who filmed "The Sin of Madelon
 Claudet," which is now showing at
 the Queen's Theatre.
 "In talking we have fifty or more
 scenes," explained Selwyn in a re-
 cent interview, "and each scene is
 cut into closeups, long-shots, etc.
 Whereas on the stage I had only to
 worry about the performances given
 by my actors, in screen productions
 I have to worry less the camera run
 out of film or the microphone break
 a sound valve.
 "Talkies are a much harder job
 than stage plays, but that doesn't
 take anything away from them as
 an art. Their potentialities are
 enormous and in 1930 we will laugh
 at the comparative crudities of
 modern pictures."

"CONDEMNED TO DEATH."

The Gordon Harker the public
 knows and the Gordon Harker his
 friends know are two entirely dif-
 ferent personalities. It is rather
 difficult to reconcile that quiet, soft-
 voiced, unassuming Gordon Harker
 of real life with the twisting-lipped,
 maligned, raucous-voiced ex-
 criminal type of Cockney with whom
 filmgoers are familiar. He reminds
 one more of, let us say, a lawyer, or
 perhaps a very efficient but slightly
 retiring private secretary to a big
 business man. You would certainly
 never suspect him of ex-burglar
 parts!
 "Gordon Harker is very much like
 Donald Calthrop in his almost un-
 canny genius for make-up. Both
 men entirely sink their personalities
 in their parts, and as they assume
 the make-up of a criminal so they
 assume his every mannerism.
 In "Condemned to Death," open-
 ing at the Queen's Theatre to-
 morrow, Gordon Harker has one of
 the finest parts of his career, as
 Sam Knudge, a weak—but good-
 hearted burglar who is terrified of,
 but at the same time dominated by,
 a mad man.
 The film is an adaptation of
 George Goodchild's famous play
 "Jack o' Lantern."

"TWO KINDS OF WOMEN."

"This Is New York," a play by
 Robert E. Sherwood, one of the
 nation's foremost critical authori-
 ties on the movies and former
 editor of "Life" will be seen in its
 movie version, "Two Kinds of
 Women," at the King's Theatre to-
 day.
 The cast is headed by Miriam
 Hopkins, Phillips, Holmes, Irving
 Pichel and Wynne Gibson. Other
 favourites seen in support of these
 stellar luminaries are Josephine
 Dunn, Stanley Fields, Vivienne
 Osborne, Stuart Erwin, Robert
 Emmett O'Connor, Adrienne Ames
 and Claire Dodd.
 The picture is ultra-modern in
 tone, with dialogue that is bright
 and sparkling, and action that
 takes the audience quickly, breath-
 lessly from one tense situation to
 the next headlong plunge into a
 new romantic adventure.
 Miss Gibson is the "other kind of
 woman"—thus sharing the title role
 with Miss Hopkins. As a gold-
 digging parasite who has made
 Holmes' acquaintance and who car-
 ries on a modified blackmail cam-
 paign against him, she represents
 the menace of the picture.

"HUSBAND'S HOLIDAY."

The most representative class of
 "strenuous objectors" in the world
 are children, and on one knows this
 better than Clive Brook, leading
 man in "Husband's Holiday," the
 Paramount picture of domestic life,
 its joys and disappointments, which
 comes to the King's Theatre on
 Thursday next.
 Brook recently had to do some
 tall explaining before he convinced
 Marilyn Knowlden and Dickie Moore,
 child actors, of the necessity of go-
 ing through a scene in the play
 during its filming in Hollywood.
 At the end of a rather long scene
 Brook was supposed to put the
 children to bed. On the first "take"
 the children were perfect until the
 end of the scene. They objected to
 being put to bed.
 Finally the mystery was cleared
 when Dickie demanded: "What's
 the matter with our acting?"
 The scene was explained until he
 understood fully, whereupon Dickie
 remarked: "There ought to be
 extra pay for this scene."

"FIFTY FATHOMS DEEP."

How on earth—or under the
 earth—did the sound staff of Colum-
 bia Pictures record the underwater
 scenes in "Fifty Fathoms Deep"?
 This is the question that can't help
 but puzzle you after seeing this
 melodrama at the Central Theatre,
 with Jack Holt playing a particu-
 larly daring diver and Loretta Sayers
 and Richard Cromwell giving excel-
 lent support.
 In the days of the silent drama
 cameras were devised that would
 photograph scenes under water at
 considerable depth, but it is Colum-
 bia who first demonstrates that
 sound under water can also be re-
 corded. Just how this was done
 for "Fifty Fathoms Deep" remains
 a deep secret among the members of
 the recording crew. The swish of
 the divers sliding down the deep
 water—the hiss of escaping air
 from the exhaust in the diving
 helmet—the slapping sound of fish
 as they collide with the divers in
 their efforts to escape this new
 monster of the deep, man!
 "Fifty Fathoms Deep" is a
 thrilling story of the adventures
 on land and under sea of two di-
 vers of widely differing tempera-
 ments. They get into a jam when
 they both fall in love with the
 same girl and both nearly die at
 the highly dangerous depth of
 three hundred feet before they
 learn the truth. Dorothy Howell
 and Roy Chanslor are its authors
 and Roy William Well directed.

"DR. JEKYLL AND MR. HYDE."

Paramount's sensational screen
 attraction, "Dr. Jekyll and Mr.
 Hyde" will be the feature at the
 Garden Theatre for to-night.
 Rouben Mamoulian, director of
 many stage and screen successes,
 directed the film.
 Frederic March portrays the
 dual characters of "Dr. Jekyll and
 Mr. Hyde." Miriam Hopkins has
 the leading feminine role. She was
 recently featured as a shy princess
 in "The Smiling Lieutenant," and
 now as the Cockney Street girl who
 becomes the bewitched victim of
 Hyde. Rose Hobart, for a long
 time prominent on the Broadway
 stage, plays the part of the sweet-
 heart of the handsome and bene-
 volent Dr. Jekyll.
 It is a great moral story and will
 never die. "Dr. Jekyll and Mr.
 Hyde" will undoubtedly prove a
 big attraction.

NOTED AVIATORS TO BE WEDDED.

Mollison Announces
 Arrangements.
 ON EVE OF FLIGHT.

London, July 19.
 J. A. Mollison, the Australian
 aviator who plans a round trip by
 air to New York next month, said
 to-day he would be married a week
 before he starts to Amy Johnson,
 the young British aviatrix.
 Mollison has made several flights
 between England and Australia,
 while Miss Johnson made a solo
 flight to the Antipodes in 1930.
 Mollison, now 27, is several
 years older than his fiancée. Last
 Aug. 6 he completed a record-
 breaking solo flight from Australia
 to England when he landed after
 completing the 10,000 miles in 8
 days 20 hours and 19 minutes.
 He and Miss Johnson called on
 Amelia Earhart Putnam shortly
 after the American woman flier
 completed her recent flight across
 the Atlantic, and she told Mollison
 about the conditions she encoun-
 tered. A solo round trip across the
 Atlantic has never been made.

SOVIET SEES ENEMY IN FASCISM.

Appeal For Unity Sent To
 Germans.

Moscow, July 19.
 A strong appeal in favour of a
 union between the Communists
 and Social-Democrats in Ger-
 many, has been launched from a
 Soviet Russian broadcasting sta-
 tion. The appeal emphasised
 that in view of the danger
 threatening from the "enemy of
 the working classes," it is ur-
 gently necessary that all German
 labour parties make peace be-
 tween themselves.
 Communists, Social-Democrats,
 as well as the Christian Trade
 Union, should, under these cir-
 cumstances, bear in mind that
 the question of life and death of
 the working classes and of the
 whole Labour movement is run-
 ning the risk of being crushed for
 many years to come by Fascism,
 the message said. Therefore, it
 concludes, the internal struggle
 between the proletarian parties
 should be postponed until after
 the defeat of the common foe—

HISTORIC LONDON GATEHOUSE.

What A Zeppelin
 Bomb Revealed.

The last mediaeval gatehouse left
 in London is safe for many years
 now, after strange vicissitudes.
 The timbered Tudor building
 which rests on the Early English
 archway leading to the Priory of
 St. Bartholomew the Great in Smith-
 field was hidden from view until
 1915. In that year a bomb from a
 Zeppelin dislodged its casing of
 Nineteenth Century bricks, and the
 picturesque building was revealed
 unspoiled.
 In July, 1930, however, a notice
 of "Dangerous Structure" was
 served on the Rector, and it was found
 on closer investigation that every
 beam was unsound and—that the
 whole building was resting on
 nothing at all, but was held in
 position by the houses on each side.
 Now as the result of an appeal
 the building has been completely
 restored, a new staircase has been
 added, which harmonises singularly
 well with the main structure, and
 the building is now being furnish-
 ed for the Rector.

KEEP GOING

Don't let headaches spoil your efficiency in the office or interfere with your evening's amusements. Always keep Genasprin at hand and take two tablets dissolved in a little water the moment you feel pain coming on. Genasprin is far purer than ordinary aspirin and therefore far safer. Quickly and surely it makes pain fade away, and leaves no after-effects whatever. Genasprin retains its wonderful pain-relieving powers "in spite of repeated administration."

"Immediate Relief." The famous racing motorist, Mr. J. J. Hall, writes: "Through severe vibration and banging about I have suffered from acute headaches. I have tried almost every known mode of remedy, and I definitely state that I have found Genasprin infinitely superior to anything else. In addition to bringing immediate relief, Genasprin leaves no unpleasant after-effects whatsoever, soothes the nerves and does all and more than is claimed for it."

Doctors themselves use

GENASPRIN
The SAFE brand of Aspirin

To relieve the pain of Headache, Malaria, Dengue,

Toothache, Rheumatism and Neuralgia, and to soothe the nerves in cases of Sleeplessness, Over-excitation, Excitement and Irritability.

YALE BEAT HARVARD.

Inter-Collegiate Polo
Championship.Port Chester, N.Y.,
June 18.

The hard-riding, hard-hitting Yale four, with its brilliant mallet wielders in excellent form, defeated Harvard, 13-9, to-day at the Rye Turf and Polo Club to capture the inter-collegiate polo championship.

Displaying devastating power, Yale overcame the seven-goal handicap it spotted the Crimson, and from the fourth period on, it was master of the situation.

Harvard strove gallantly to check the Blue tide, but in spite of the excellent work of Charles Rumsey, who scored the two Crimson goals, there was no stopping the Four Horsemen from New Haven.

SUMMER FOOTBALL
TOURNEY.Nine Teams Compete
For Dr. Wu's Cup.

OPENING GAMES ON SATURDAY.

The Third Chinese Summer Football tournament for Dr. C. C. Wu's Cup will commence on Saturday when two matches are down for decision on the King's Park ground. Dr. Wu will officially open the tournament by kicking off in the first game at 4.30 p.m.

The two matches—down for decision are as follows:

Electric Co. v. Ching Wu at 4 p.m.

Ching Ning v. Soong Ching at 5.30 p.m.

The following nine teams will compete in this year's tournament which is organised by the Chung Wah Athletic Association: Ching Ning, Soong Ching, Electric Co., Ching Wu, Hong Kong Hotel, Mui Dui, Fui Shing, Sam Kwong and Kwok Wah.

Of all the theories of golf that have been disputed that of the "straight left arm" stands out. It has been held a physical impossibility to take back a golf club with a straight left arm. At the same time, it has been held a vital necessity to do so. The straight left arm is most essential in iron-club play.—H. Stuart Hobson.

LEAGUE TENNIS.

SOUTH CHINA LOSE
POINTS.Holders Secure Forfeit
In "B" Division.

OFFICIAL DECISION.

A claim made by the Chinese Recreation Club for points, by default, in their match in the "B" Division of the tennis league against the South China Athletic Association, which the latter scratched without sanction of the Executive Committee, has been considered by the Lawn Tennis Association, and under Rule 6 of the League the points have been awarded to the C.R.C. These are the first points conceded by South China in this division.

CRAIGENGOWER VIEW
DECISION WITH
DISPLEASURE.

"The Craigenower Cricket Club, which is making a bold bid for the "B" Division Tennis League Championship, view with displeasure the decision of the Lawn Tennis Association in connection with the South China-Chinese R.C. match," writes Mr. W. J. Howard, the Craigenower representative, to the China Mail.

Mr. Howard has every reason for his complaint as the Chinese Recreation Club, the holders, have been given a walk-over by the L.T.A. authorities over one of their strongest challengers. They have now only to beat Craigenower to win the championship for the eighth year in succession.

The plea put forward by the South China Club was to the effect that they were unable to raise a team owing to the holidays which occurred over the week-end of July 1 and 2. They were not the only team in difficulties—eight other clubs failing to play their scheduled matches.

In the "A" Division the Hong Kong C.C., South China, Indian R.C., and Kowloon C.C. all postponed their matches while the University, Hong Kong C.C., South China, and Kowloon C.C. postponed their "C" Division games.

No question of the forfeiting of points occurred as the result of these matches and the holders' action looks extremely business-like. The table on Page 5 shows the position of the two clubs to date, the Chinese R.C. having the advantage of a 9 sets to nil win over South China, the latter's first "defeat" of the season.

Y.M.C.A. BEAT CHINESE
BATHING CLUB.

WATER POLO WIN.

Railton Scores Best Goal
Seen In "Y" Bath.

CAMPBELL NETS SECOND.

The Y.M.C.A. Water Polo team gained a meritorious victory over the Chinese Bathing Club by 2 goals to nil in the "Y" bath last night. Pte. Campbell of the Borderers and Eric Railton scored for the Y.M.C.A.

The Y.M.C.A. made one change in their usual line-up, Railton coming into the centre-forward position while Donn dropped back to centre-half. The experiment did not prove altogether successful, and it is almost certain that Railton will occupy his old position in the next important encounter, as he is obviously the better connecting link.

Campbell opened the scoring for the "Y" early in the game when he took a pass from Donn to score from the two-yard line. The Chinese, who had not yet settled down, then took up the offensive, but were too well-marked by Kerr, Donn and Stoker to become very dangerous. Just before half time Railton added the "Y's" second point when he gave Wan Kwong-tung no chance with one of the best shots as yet witnessed in the "Y" bath.

In the second half the visitors treated the crowded gallery to delightful passing movements which, however, were easily nullified by weakness in front of goal. Leung Shu-man was undoubtedly the best Chinese forward. He peppered Angus with shots from all angles but found the goalkeeper always on the alert.

CIVIL SERVANTS BEAT
TAIKOO.

In Spey Royal Cup.

On the Police R.C. green yesterday the Civil Service Cricket Club beat the Taidoo Dock Recreation Club by 27 shots to 12 in their Spey Royal Cup match.

The Dock team, which commenced shakily, were never in a challenging position and only a 3 (on the fifth head) and a 5 (on the eleventh) saved them from an overwhelming defeat.

DE ROME DEFEATS
CULLEN.

1925 Champion Eliminated.

L. de Rome beat F. Cullen by 22 shots to 16 in the Second Round of the Lawn Bowls Open Championship yesterday afternoon on the Club de Recreo green.

De Rome commenced well against the 1925 champion and led 17-12 at the conclusion of the sixteenth end. Cullen, however, played brilliantly on the next three heads to reduce his opponent's lead to 17-16, but two singles and a 3 on the last heads gave De Rome a well-deserved victory.

De Rome will now meet the winner of the Second Round match between J. G. Ozorio and F. L. Rapley.

RUSSELL DEFEATS
BRADBURY.

Game Goes To 26 Ends.

W. Russell beat B. W. Bradbury by 21 shots to 16 in the Second Round of the Lawn Bowls Open Championship yesterday afternoon on the Club de Recreo green.

The match resulted in a down struggle for supremacy and it was only after 26 ends had been played that Russell emerged the victor. The fourth and twenty-second heads failed to give either player a score, so close was the contest. Bradbury held his opponent up to the sixteenth head when the score was 12-11, but after that Russell went ahead to lead 17-13. A 2 on the 23rd head gave Bradbury a fighting chance at 17-16, but Russell took no chances and won on the last three ends.

Russell, who won the championship as far back as 1912, will now meet A. W. Grimmett in the Third Round.

TO-MORROW'S TENNIS.

Craigengower Cricket Club will be entertained by the Kowloon Cricket Club in the "B" Division of the Tennis League to-morrow, and should experience little difficulty in registering their sixth successive win.

In the same division South China entertain the Indian Recreation Club and should be able to garner both points.

HELEN WILLS MOODY says

WOMEN TENNIS PLAYERS WILL
NEVER RIVAL MEN

American Champion's Advice on the Game

Other things being equal, the deciding factor in tennis is mental alertness, or, if you like, intelligent anticipation.

There are so many roads to proficiency in a sport in which there are to-day more adepts than in the past, that it is impossible to lay down any fast rules. For my part, I would lay particular stress on regular practice and particular concentration on any weakness in your play.

At the same time, never play so much tennis that you find yourself getting bored with it. I know that Cochet's golden rule is to have frequent interludes in which he plays no tennis at all, and to time his serious training so that he reaches the top of his form only when the crucial moment in a tournament has arrived.

For my part, I play the whole year round, but never more than two sets a day or more than four or five days a week.

If only a woman does this, and if she has a natural aptitude and good average physique, she ought to show a consistent and steady improvement in the standard of her play.

MEN'S THREE BIG
ADVANTAGES.

In the case of men perhaps three instead of two sets might be played each day, as they have to play five sets in matches against our three. This is, as it should be, though my personal opinion is that five sets is rather strenuous even for the best male athlete. Above all, don't play one set more than you feel you want to play.

People talk to-day of the enormous number of tournaments in which the tennis amateur takes part, and it is quite true that our best players seem to do nothing else but globe-trot in search of opponents. I am certain that such constant play would do them no good if they did not love it. I for my part would never play in any tennis tournament if it were not a pleasure for me to do so. Often I have been asked if women will ever play as well as men, said Mrs. Wills-Moody in an interview with the Daily Telegraph. I suppose people would like to hear that the day will come when women will rival men.

Well, I do not think that day will ever come, though the margin between a good man player and a good woman player is bound to decrease as time goes on. Women to-day train more scientifically, and they do not allow any other consideration to interfere with the attention which they give to the game. But they have neither the strength nor the height nor the reach of man.

PLAY OFTEN WITH MEN. Their play is not as vigorous. They cannot move so quickly on the court. On the other hand, they are psychologically as well suited for the game, and I think their brains, generally speaking, are just as alert.

One piece of advice I should like to give to woman players is to try to have as many games with men as possible. The days are gone when men, for reasons of chivalry, did not play their best when opposed to a woman. No one can afford to

be a gallant in any sport to-day, and in America, at least, our men play as well as they can when opposed to women, and never object to playing with us.

I attribute a great measure of the skill which I have attained to frequent practice with men players.

In San Francisco, my native town, conditions are particularly favourable in this respect, and I do not think there are many towns in which the tennis courts are so conveniently placed.

WOMEN'S STANDARD
VERY HIGH.

They are at the front door, so to speak, and so easy to get at that the San Francisco business man can put in a game in his lunch hour. For this reason I would back the players from our club against any ten from any other club in the United States. We possess quite a number of first-class players, who rarely come into the limelight because their business prevents tournament play.

Thus Chandler this year has beaten Vines on several occasions, and yet who, apart from a few Americans, has ever heard of him in Europe?

The standard of women's play throughout the world has never been so high as to-day.

I was particularly impressed during my recent visit to the East to see how the women there are taking up the game. When I was in Japan I played a number of games with Japanese women players, and though they are still forty years behind us in standard, they are coming on very fast.

Successful War Loan
Conversion.

While many countries are tottering on the brink of financial ruin, and when the whole world is suffering from an acute economic depression, the recovery of Great Britain has been remarkable, and since the return of the National Government last year considerable progress has been effected on the road towards a return to normal. The latest achievement is the conversion of practically the whole of the war loan. The response has been magnificent, as has been the response by the British public to all patriotic measures. That only 2 per cent. of the holders refused to convert is eloquent tribute to the nation, more particularly as the loan holders included were drawn from every class of the community. Already, within a few short weeks of the launching of the scheme, over £1,000,000,000 of the bonds have been turned in, 1,587,000 of the 2,000,000 holders of this stock having assented to conversion. The dissenters numbered only 115,000, representing 2 per cent. of the total, and tens of thousands of further assents are pouring in with every mail. This is the last week for bonus conversion and a wonderful success is assured. While a great measure of support would have been available on purely patriotic grounds, the terms offered were attractive enough to guarantee a gratifying reception to the scheme. A sacrifice was entailed, but the compensation was reasonable and the lack of any compulsion added to the inducement. In these perilous times 5 per cent. was too much interest for such a giant loan and a rate of 3½ per cent. was sufficient, particularly when the investment is a safe one. The scheme was brilliantly conceived, perfectly organized and amazingly successful, and foreign observers will reflect on the ease and rapidity with which one of the world's greatest financial operations has been carried out.

News In Brief.

Miss J. Coppin, secretary for the Hong Kong Broadcasting Studio, returned to the Colony yesterday. She has been in Java for the past month on her vacation.

Mrs. Lane, wife of Inspector L. P. Lane, D.I.S., of the Water Police Station, has reported the loss of a grey snake-skin handbag, on the Star Ferry yesterday. The bag contains one letter and two keys, and is of great sentimental value to the owner.

A Chinese workman named Chung Hong, 50, living at Tung Choi Street, Mong Kok, collapsed and died in Kimberley Road, at 1.30 p.m. yesterday. The body was removed to the Public Mortuary.

One case of enteric fever and one case of cholera, are shown on the return of notifiable diseases for the 24 hours ending July 26.

Mr. W. E. Orchard, Superintendent of the Hong Kong Electric Company's showroom, Des Vaux Road Central, has reported the loss of an electric desk fan, valued at \$75, from the showroom.

Mrs. J. M. Jackson, of Essex Crescent, Kowloon Tong, has reported that while driving her car along the Castle Peak Road near the Lai Chi Kok Female Prison, she knocked down an unknown Chinese male, who suddenly ran across the road. The man, who sustained slight injuries, refused to be taken to hospital.

PLAN UNIFICATION

As Governor?

SUPERVISING CONSULS.

Tokyo, Yesterday.
For the purpose of unifying Japanese Administration in Manchuria, the Cabinet has decided that the Commander-in-Chief be provisionally appointed Special Envoy, with plenipotentiary powers, and shall be ex-officio Governor of Kwantung, with control of the South Manchuria Railway.

As Special Envoy, he will be placed under the direction and control of the Foreign Minister and will take charge of foreign affairs, supervising the Japanese Consuls in Manchuria.

It is expected that General Muto will be appointed to this important post.
The Cabinet also decided to appoint Mr. Akira Arita, the former Ambassador to Brazil as Minister to China, and Count Hirota Hayashi as President of the South Manchuria Railway.

TREATIES CAN QUELL
WAR DESIRE.Interesting Address At
Rotary Tiffin.

"In my opinion, if all members of the League of Nations and all the signatories of the Kellogg Pact adhere strictly to their treaty obligations, the possibility of war is really negligible; in fact I daresay that even the military and naval experts would at once withdraw most, if not all their objections, to a general disarmament," declared Mr. Richard C. H. Lim, barrister-at-law, in the course of an interesting address on "Some Recent International Treaties" at the Rotary Club weekly tiffin yesterday afternoon.

The speaker pointed out that the absence of sanction to enforce any rules of International Law was a great drawback. By certain articles of the Covenant, members of the League agreed that should any dispute arise between them they would submit to either (a) arbitration (b) judicial settlement (c) inquiry by the Council of the League; and that they would not go to war until three months after the award of the arbitration, the decision of that Permanent Court, or the report of the Council.

He referred to gaps in the Covenant, remarking that if the Council fails to reach a report which is unanimously agreed to by the members, other than the parties to the dispute, then the parties are given the right to take the law into their own hands, after a lapse of nine months.

Killed His Opponent And
Vanished.

Vienna, July 10.
Bad luck dogged a landowner, as he played cards with another landowner in a village inn near Lublin. He lost his money, his land, and the clothes he was wearing. At last he staked his wife, who was also in the inn, and lost. The winner prepared to take his opponent's wife home. But the loser, seized with a sudden jealous frenzy, stabbed him to death, pushed out into the road, and has not been seen since.

Britain Leads World
Out Of SlumpSir Robert Ho Tung's
Address In England

HOPES FOR PEACE FIRM

COURAGEOUS FIGHT FOR HEALTH AND
CLIMB TO FAME.

London, July 10.

Hopes of peace in the East and a revival of trade with the teeming millions of Asia are proclaimed by Sir Robert Ho Tung, the self-made multi-millionaire, who is in London in connection with his duties as adviser to the Chinese National Government.

Few men's records could equal the amazing climb to success of this merchant prince of Cathay. Sir Robert, although he began life as the son of a poor and numerous Chinese family in Hong Kong seventy years ago, is now so universally respected that hardly an international commercial deal of any importance is undertaken in China without his advice.

Sir Robert is hopeful about the world's future. He believes that Britain is leading the world out of the financial slough.

In an interview he said recently: "The ending of the depression and righting of the world's markets depend in part on restoring the buying powers of the people of the East."

Great Britain's Lead

"The first step to world prosperity is national prosperity. Britain, by going off the gold standard and introducing a tariff system, has taken the lead in readjusting herself, and I hope that China will follow."

"China is now more united as a nation than she has been for many years, and her National Government deserves wholehearted support. China's prosperity depends partly on the cessation of internal troubles and partly on international co-operation."

"The internal troubles have become much less, and a strong, and successful central Government will gradually put an end to them."

"International co-operation is already growing, with Great Britain taking the lead, and the United States, France, Italy, Germany and other nations following."

"Now that the Shanghai and Manchurian troubles are drawing to a close I see no reason why matters cannot be settled."

"China and Japan have been good neighbours in the past, and I feel this is a golden opportunity for Japan to demonstrate her good will and friendliness towards my country."

"China has 400,000,000 inhabitants, and with these people united and prosperous they could take their rightful place in the economic make-up of the world, producing goods that can best be produced locally, and purchasing the rest from other nations."

Idol of the Poor

Sir Robert is the confident of the rich and the idol of the poor in his own country.

To the youth of China he is Haroun el Rashid and Dick Whittington rolled into one. A chronicle of his charitable donations is like a tale out of the Arabian Nights.

His life compares with that of Mr. John D. Rockefeller, for both are from poor families, and owe their success to their own efforts.

As a boy of seven he showed such promise that his parents saved one pound a year to send him to school. After three years he became so proficient a scholar that his teacher offered to teach him free.

But Robert Ho Tung was too ambitious to remain long at a Chinese school, for English attracted him. He entered a Government school at Hong Kong, and after graduating with flying colours he passed a stiff competitive examination, becoming a Customs clerk.

Fight With Ill-Health.

Commerce inspired him, and he joined a British firm. Before long he had set up in business on his own. To-day he is the greatest magnate of the East.

All the while Sir Robert has fought another fight; he has struggled with ill-health for 50 years. Three times the doctors have given up his life as hopeless, yet this indomitable man has smilingly won through.

Now he is 77 years old, and though his six-foot frame shows the ravages of illness, his face and eyes are those of a man 20 years his junior. Diet has saved him; he lives exclusively on sour milk.

Sir Robert was knighted for his services to Great Britain and Hong Kong, while he holds many Chinese honours and the Grand Cross of the Knights of Christ of Portugal.

Among his exploits was the settlement of the great season's strike of Hong Kong in 1922 by the simple expedient of personally paying the financial difference between the demands of the strikers and the offers of their employers. He almost achieved his aim of a united China several years ago when he tried to induce the various leaders to attend a round table conference. He still hopes to achieve this end when a suitable opportunity arises.

DISCOVERY OF RARE
PAINTINGS.Art Treasurers Hidden
In Hyderabad.

BURIED BY YEARS.

Hyderabad, July 1.
As the result of the keen interest taken by the Nizam's Government in the famous Ajanta frescoes, some new paintings which had hitherto been concealed under a thick pall of dirt, smoke and varnish have just been discovered.

In 1920 Sir Akbar Hydari, then Secretary to the Nizam's Government in the Archaeological Department, employed two expert Italian craftsmen to save the frescoes from further decay and ruin. The operations started by them are still being continued by a band of Indian artists.

Among the newly discovered frescoes is one in the Chaitanya

Cave which according to a Brahmi inscription carved on it, is dated the second century A.D. The fresco represents a scene in which ladies are shown enjoying a bath in a pool near a beautiful grove.

Another new fresco has been found in Cave No. XVI, a "Vihara" of the fifth century A.D. In this fresco the Bodhisattva, in the form of an elephant, offers himself as prey to hunters to appease their hunger. There are several episodes of the story; in one he is shown throwing himself down from a precipice, in another hunters are cutting large pieces of flesh from his body, and in another they are roasting those pieces on a fire. The delineation of the whole subject is marked by the Buddhist doctrine of Renunciation.

Apart from the discovery of these new frescoes, several subjects were supposed by some recent writers to have been irretrievably lost have been found intact under a thick mass of varnish. Among these the most notable are the Chaitanya, Kirtana and Syama Vaitana, painted in the Chaitanya Cave, No. VI.

INDIAN POLICEMEN FACE CHARGES.

Bribery Alleged By Prosecution.

UNIQUE BOOK-KEEPING.

Crown Sergeant Mirza Khan, of the Hong Kong Police Force, appeared before Mr. W. Schofield at the Central Magistracy yesterday afternoon, on six charges of accepting bribes from Chau Cho-fan, master of a shop at 11, Sai Street, Lance-Sergeant Feroze Shah and P. C. Barkat Ali, also appeared, on similar charges, the former facing four counts and the latter one. It was agreed that the cases should be heard separately.

Mr. W. La Bart Sparrow, A.S.P., appeared for the prosecution, while Mr. M. K. Lo defended. In his opening, Mr. Sparrow said that the complainant would state that from the middle of May last year he had been in the habit of making certain payments, varying from 50 cents to \$2, to the three defendants, who were stationed at the Upper Level Police Station. On July 5, this year, Inspector K. W. Andrew, officer-in-charge of the Station, made enquiries at 11, Sai Street, where the master produced an account book which gave particulars of payments made to the defendants, giving their numbers. First payment was made to the first defendant on May 15, the second defendant on April 2, this year, and the third defendant on April 23 this year.

After evidence was taken against the first defendant, the hearing was adjourned to this afternoon.

ASSAULTED PRISONER IS SENTENCED.

Attacker Is Under Observation.

An explanation of the attack made by Ho Tak-ming, detained for banishment, on Leung Sang, charged with larceny, in the Central Police Station cells early yesterday morning, was given by Sub-Inspector J. Russell in the Central Police Court this morning. He believed Leung had given information to the police.

Leung Sang, bearing a slight mark on his neck and wearing a blood stained singlet, appeared meanwhile, and pleaded guilty to a charge of the theft of a nickel pocket watch, the property of Mr. K. T. Lo, a clerk, of 35 Shanghai Street.

Explaining the charge, Sergeant Reidy said that the accused was brought to the Police Station on another charge and that while in the Charge Room, Mr. Lo came and reported the loss of his watch. The defendant was searched and the missing article was found.

The Magistrate—A bit of luck. 'Sergeant Reidy—Yes, your Worship, the complainant was very lucky. Sentence of two months' hard labour was passed.

The Court learned that Ho Tak-ming who attacked Leung, was at present under observation in the Mental Hospital. He had used one lense of his spectacles, for a weapon. Ho accused Leung of having given information about him to the Police.

MAN WHO BORROWED MOTORCYCLE.

Francis Lee Fined In His Absence.

At the Central Magistracy yesterday Francis Lee was charged with being in possession of a motor cycle No. 189, without the permission of the owner, Mr. Cheung Wan.

Complainant stated that he left his machine outside the Hong Kong & Shanghai Bank in Des Voeux Road, on the morning of the July 9, and discovered that it had disappeared shortly afterwards.

Traffic Sergeant McInnes, told of arresting the defendant at 12.15 p.m. on the same day in Queen's Road.

Defendant was fined \$50 in his absence.

GARRISON SCHOOL.

(Continued from Page 1.)

"A high standard of work at the schools was maintained. 7 children were awarded scholarships at the Central British School by the Local Government in January this year."

He added that all were making good progress, some, very well indeed.

Sports Facilities.
The Annual Swimming Sports were held in September last year, he continued, and keen competition was shown by all entrants. They would as usual be held in September this year, and in addition to the Proficiency Badges, the General Officer Commanding had also very kindly presented a flag for annual competition between the schools in Hong Kong and Kowloon.

The facilities for outdoor sports were limited and it was very difficult to arrange contests with outside schools. It had been found possible to increase the available playground space by trailing in and equipping with a basket ball set and a see-saw, a plot of ground immediately below the school.

The Library had profited by the addition of several books kindly presented by various parents. These gifts were much appreciated by the Staff and the children.

The appearance of the bank in the vicinity of the school had been much improved by the planting of various shrubs, kindly presented by Mr. H. Green, Superintendent of the Botanical and Forestry department.

Many Fine Prizes.
The discipline of the children and their general behaviour had been uniformly good and reflected great credit on both teachers and parents. He expressed the thanks of the staff to all those who had helped in the work of the school during the past year. The number and quality of the prizes to be presented was largely due to the generosity with which subscriptions had been given to the Garrison School Fund.

He tendered thanks on behalf of the staff and children to all Military Units and Departments, to the Commodore and Dockyard Staff, to the individual members of the Chamber of Commerce, to the Education Department, to the Garrison Sergeants Mess and the Soldiers Club, also to Mrs. Myles, and to the Rev. J. N. L. Bryan, S.C.F., C.E.

After reading the report, Captain Cannon said:—
"Before requesting the General Officer Commanding to distribute the prizes, I am sure you would wish me to say, on behalf of this school, how much we regret that this is the last occasion on which we shall have the honour of his presence at our annual prize-giving."

"It is not for me to say, and indeed you all know, what a good friend General Sandilands has been to the children, both officially and privately. I wish on your behalf to ask him to accept our very sincere thanks for all he has done for the Garrison School, during his period of command in Hong Kong."

Prize Presentation.
Before presenting the prizes, His Excellency, the G.O.C. said:—
"I am very pleased to hear such a good report from Captain Cannon both as regards the work of the children and also their health. It is always a matter of surprise to me to hear how well our children keep in spite of the discomforts that they are compelled to endure in Hong Kong during the hot weather."

"I must thank Captain Cannon for the complimentary remarks that he has made about me. It is true that I have always taken a considerable interest in the welfare of our children, but I regard it as being just as much part of my duties to see that they are well looked after and cared for, as to deal with important military problems, concerned with the defence of Hong Kong."

"It may not be realized by the General public of Hong Kong that in addition to our own children, we educate those of 12 whose fathers are employed in the dockyards and 39 whose fathers are civilians but mostly ex-service men."

"Many of us must miss Capt. Denkin, and Mr. Parsons, but they have worthy and popular successors in Capt. Cannon and Mr. Creighton, who will be equally missed when their time comes for them to leave the Colony."

Swimming Encouragement.
"To encourage more rivalry in your swimming sports, I have had a flag made which shows the school crest."

"My idea is for the Hong Kong School to compete for it against the Kowloon School and I propose to have the name of the winning school emblazoned each year on the flag, like a battle honour."

"I am also going to give away 12 badges for proficiency in swimming and diving."

"I am quite sure that like all other good children you are very sorry that school is over and the holidays are about to begin. I hope that you will make the best use of them by swimming and bathing as much as possible, so as to defeat the Kowloon children and win the flag, and some of the badges."

The following is the prize list:—
Standard 7:—Cecil Vagg, First prize.

Standard 6:—Harold Chappell, First prize; Joan Shoosmith, Second prize; John Ursell, Progress prize.

GOLD-MAKING SECRET BELIEVED FOUND.

Spain Experiments With Mercury.

Madrid, July 19.
Contrary to the first reports, the expert commission appointed by the Spanish Ministry of Finance to test Botella's alleged success in converting mercury into pure gold, has yet issued its final report but it is widely believed that the experiment has been a success.

Botella himself declares that the quicksilver atom by catalysis loses its sulphur dioxide contents, leaving pure gold to the amount of about one-half of the weight of the original mercury.

"While the Spanish press is full of enthusiastic stories about the discovery, some caution should be exercised in view of the fact that in Spain wishes might, in this question, be easily taken for reality, since Spain possesses the largest mercury deposits in the world, and Botella's discovery, if true, would effect a complete revolution in the country's economic position."

Kidnapping.

MRS. E. L. STAINFIELD ROBBERY VICTIM.

Coolie Snatches Bag In Jordan Road.

CAUGHT BY "BOY."

Mrs. E. L. Stainfield, wife of the clerk and usher of the Supreme Court, was the victim of a bag snatching incident yesterday.

Mrs. Stainfield was walking in Jordan Road, at about 1.30 p.m., in the direction of her residence in Cox's Path. When turning the corner into the Path, a coolie came behind her and snatched her handbag, which contained money, a silver comb, and a fountain pen, all to the value of about \$50.

The man ran along Jordan Road towards Gascoigne Road, and was stopped by a "boy" from the United Services Recreation Club. He knocked the robber to the ground and held him until assistance came. The bag, which the man was carrying, fell to the road, when the pair grappled.

A charge was laid against the man at the Kowloon Magistracy this morning.

"ONE HOUR WITH YOU."

Chevalier In Amusing Film.

"I love Collette, but oo-oo-oo, that Mitzi!" is the forlorn cry of the inimitable Maurice Chevalier, in Ernest Lubitsch's latest production, "One Hour With You," at the King's Theatre.

Handling the eternal love triangle with the daring, unique touch of the master, Lubitsch has once more produced a scintillating success in talkie entertainment.

With Jeanette MacDonald, "the nightingale of Hollywood," as the wife, Genevieve Tobin as her cousin and best friend, Chevalier takes an hilarious audience step by step into the love entanglements, brought about by a jealous wife, whom he loves, and a ravishing cousin, who loves him. The film is a masterpiece dedicated to the art of love-making and witty, intimate dialogue.

Oscar Straus and Richard Whiting have contributed in no small measure to the success of this film by such brilliant songs as "One Hour With You" and "What Would You Do?" and others.

High-lights of humour are also provided by those popular wits of stage and screen fame, Charlie Ruggles and Roland Young.

WIFE LEFT HOME ON WEDDING DAY.

Absent With Parents For 17 Years.

Allahabad, July 10.
On the day of his marriage, Jingri Lal Khetry was separated from his wife, who went to visit her parents.

That was 17 years ago, but he has never seen her since. Now he has made an application to a magistrate's court here, demanding the restoration of his wife, whom he alleges is being wrongfully detained by her parents. A woman who appeared in court was said to be the missing wife, but she did not recognize her husband and refused to accompany him. The application may now come before the civil court.

MARTIAL LAW ENDS IN BERLIN.

But Von Papen Still Rufes Firmly.

ELECTIONS ON SUNDAY.

Berlin, Yesterday.
Martial law has terminated in Berlin and the province of Brandenburg. Herr von Papen's dictatorial powers are unaltered, but President Hindenburg has revoked the state emergency decree on the advice of Herr von Papen, who told him that public order was no longer endangered.

He said he had "every reason to believe that the election on Sunday would be carried out peacefully."

CANTON AIR FORCE OFFICERS.

Remain Loyal To General Chang.

Colonel Ting Kee Chu, of the second squadron of the Canton Air Force, paid a visit to the Colony on Sunday.

It is understood that he was here at the instigation of General Chan Chai-long to persuade aviation officers to return to Canton and resume their former posts.

His mission, however, proved unsuccessful. It is believed, as the officers remained loyal to General Chang Wal-cheung.

Colonel Ting Kee-chu left last night.

PHILANTHROPIST'S PASSING.

Mr. Yeh Wei-chun Is Widely Mourned.

Mr. Yeh Wei-chun, prominent business man and philanthropist of Shanghai, died last week at the age of 70. He had been ailing for the past four months, it is learned here.

Known for his work in political circles during the reign of Emperor Hsuan Tung and for his help in making China's young men healthy by establishing physical culture schools, his passing will be regretted by many.

He was, before his death, chairman of the Shanghai Rice Guild and a director of the Greater Shanghai Chinese Chamber of Commerce.

He is survived by his widow, two sons and seven grandchildren.

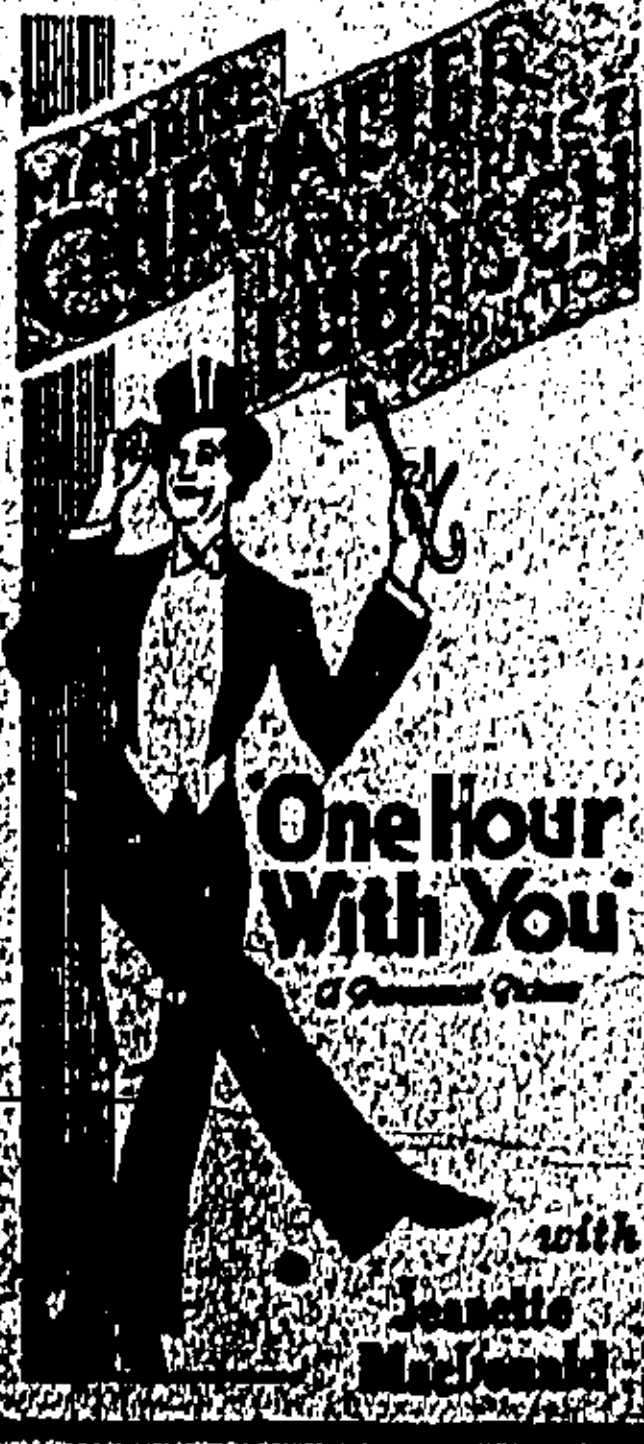

TWO BODIES FOUND IN SUNKEN "EDITH."

Recovered Yesterday Afternoon.

Two bodies were recovered from the sunken Hong Kong and Kowloon Dock Company's tender, Edith, which was rammed and sunk by the s.s. Tin Yat, on Monday night, in the harbour.

The bodies, which have been identified as those of Fuk Chu, 17, and Fuk Kau, 8, were recovered shortly before 5 p.m. The two boys are stated to be relatives of the launch coxswain.

BRITAIN IS SEEKING TRADE ALLIANCE.

Chambers of Commerce Have Suggestions.

London, Yesterday. The damage caused to international trade by exchange restrictions imposed by certain foreign Governments are emphasised in the report of the British Overseas Trade Development Council for 1931.

The British Government consider that benefits might result from agreements to facilitate the use of frozen or blocked accounts in foreign currencies for the purchase of goods for export. Major Colville, Secretary to the Overseas Trade Department, will meet a deputation from the Association of British Chambers of Commerce to-morrow to discuss this possibility and other plans to assist the revival of international trade.

It is realised that the real remedy lies in a return of confidence and the removal of trade barriers throughout the world.—British Wireless Service.

SCHOOL BOY "BOMBS" AT PRIZE-GIVING.

Court Discovers They Are "Fireworks."

London, Yesterday. Sinister looking objects, which the magistrates handed gingerly, were a feature at Whitehaven, where two brothers, Maurice and Basil Davenport, the sons of the ex-Mayor of Macclesfield, were summoned in connection with "bombs" discovered when Lord Lloyd was presenting prizes on June 18, at the St. Bee's School.

The dangerous looking exhibits were harmless fireworks. Counsel for the Director of Public Prosecutions said that the defence would probably assert that the affair was a practical joke, but there was great danger from fire alone. The hearing was adjourned.—Reuter.

STEAMERS SERVE AS POST OFFICES.

Breach in Blockade Of Manchukuo.

NEW AIR SERVICES.

Shanghai, Yesterday. Although Japanese Consular officials have again affirmed that they do not intend to establish a special mail service between Shanghai and Manchukuo, it is difficult to see how the blockade of the puppet State can escape being nullified.

An official of the Darien Kisen Kaisha, which runs three fast steamers weekly between Shanghai and Dairen, touching at Tsingtao on the way, has informed the North-China Daily News that mail will be accepted on their ships for transmission to Europe, via Dairen. At Dairen, the D.K.K. will transfer the mail to the South Manchurian Railway and it will be carried across Siberia by the usual method.

The letters must be posted aboard the D.K.K. steamers at least half an hour before sailing time.

From a business point of view the only inconvenience will consist in the fact that the D.K.K. wharves are situated in the Yangtseop District, several miles from the Bund, but it is very probable that some arrangements will be made to collect the mails at some central point and deliver them to the ships in a batch.—Reuter.

New Air Mails.

Nanking, To-day.

The Government is planning to arrange the inauguration of the Eurasia air mail service to Europe, to overcome the difficulty of sending mail via Siberia, caused by the postal embargo against Manchuria.—Reuter.

Employees On Move.

Peiping, Yesterday.

The first batch of Chinese postal employees who have been withdrawn from the Manchurian post offices, are expected to arrive from Mukden to-morrow.

The local Postal Union has appointed a reception committee to meet them.

Their withdrawal follows the Nanking decision to blockade Manchuria.—Reuter.

Manchukuo Stamps.

Mukden, Yesterday.

Manchukuo officials have taken over the postal administration, and the selling of Manchukuo stamps began to-day, although Chinese stamps will be acceptable until the end of August.

Officials declare they are ready to handle mail from China.—Reuter.

Three Days' Notice.

Harbin, To-day.

The Manchukuo postal service is partly functioning.

Employees have received three days' notice to resume their duties. Otherwise they will be discharged.—Reuter.

LEADERS IN PEIPING SEEK UNITY.

Situation In Jehol Is Discussed.

Peiping, Yesterday.

The Peking political council met at 11 a.m. to-day under the chairmanship of Chang Hsueh-liang. Those present included all the visiting military leaders. After reports had been made by the secretaries on the political, military, diplomatic and financial problems in North China, Mr. Han Fu-chu addressed the gathering, advocating a united front among the military leaders to deal with the present national crisis.

It is understood that the Jehol situation was discussed, but no decision was arrived at. The council will meet again on Friday.—Reuter.

LONDON HOSPITALS' INCOME RISES.

London, Yesterday.

The total income of London's 142 voluntary hospitals in 1931 reached £2,811,000, the highest figure ever recorded, and an increase of £34,000 on 1930. In spite of the maintenance of 580 additional beds, and other increases, the surplus of income was £76,000.—British Wireless Service.

TIBETANS ASSAULT GENERAL MA.

Chinese Armies Lose High Officers.

SEVERE FIGHTING.

Nanking, July 20.

According to a Sining (Kokonor) despatch, the Tibetans, defeated by the combined Szechuan-Sikang forces under General Liu Wen-hui during the early part of the month, launched a heavy counter-attack on the newly organised 9th Division under General Ma Pu-fang at Yushu, south-western Kokonor (Chinghai) on the 16th.

Outnumbered by the invaders, one regimental and two battalion commanders of the Kokonor division were killed, and two towns near Yushu fell into the hands of the Tibetans. The Government forces are holding Hung-mao, while the brigade under Major-General Ma Liang-cheng is now garrisoning Pengku. The Tibetans have despatched two "tai-pen" (battalions) to attack the defenders.

Martial law has been declared in the Payenkola-shan mountain country. General Ma Pu-fang conducted a personal inspection of the front on July 18. In view of the critical situation at Yushu, General Ma Lin, Chairman of the Kokonor Provincial Government, besides despatching reinforcements from Sining to strengthen the defence, has appealed to the Central Government for funds and ammunition.—Kuo Min.

NOULENS TRIAL SOON TO CONTINUE.

Jurisdiction Upheld By Supreme Court.

WITNESSES IN SHANGHAI.

Nanking, July 20.

It is understood that trial of the Noulens case will shortly be resumed by the Kiangsu High Court, the Supreme Court having definitely upheld the High Court's right of jurisdiction over the case.

A number of Chinese and foreign witnesses resident at Shanghai have been subpoenaed to give testimony at the court here.

In the meantime, the condition of Mr. and Mrs. Noulens is steadily improving. As they are suffering only from the effects of their hunger strike and not from any serious disease, it will not take more than a fortnight for their complete recovery, it is believed. It is reported that as soon as they are sufficiently convalescent, they will be escorted back to the Detention House.—Kuo Min.

CHINA'S GENERALS TO PLAN POLICIES.

Meeting Of Leaders Scheduled Soon.

Peiping, July 20.

It is learned that an important military conference, to be participated in by the leading Northern generals, will be held here shortly to discuss measures for the strengthening of the defences and the maintenance of peace and order in North China. The conference will be attended by the following ranking Commanders:

General Chang Hsueh-liang, Director of the Peiping Pacification Headquarters; General Chang Chun, representing General Chiang Kai-shek; General Han Fu-chu, Chairman of the Shanghai Provincial Government and concurrently Commander of the 3rd Route Army; General Hsu Yung-chang, Chairman of the Shanxi Provincial Government and concurrently Commander of the 38th Army; General Fu Tso-ti, Chairman of the Suiyuan Provincial Government and concurrently Commander of the 85th Army; and General Shang Chen, Commander of the 1st Army Corps.—Kuo Min.

CHINA'S CUSTOMS REVENUE DOWN.
Manchukuo Seizure Blamed By Soong.
Nanking, Yesterday. Mr. T. V. Soong announced to-day that owing to the seizure of the Manchurian Customs by the Manchukuo, the July Customs receipts are 3,700,000 taels short of covering the Customs commitments this month. The net Customs revenue for July is estimated to be 2,400,000 taels compared with the average net revenue of more than 19,000,000 taels.—Reuter.

BRITAIN BUYS MORE EMPIRE WINE.
Australia Benefits From Demand.
London, Yesterday. Imports of Empire wine to the United Kingdom during the past six months increased by 1,250,000 gallons and totalled nearly 2,500,000 gallons. The proportion of Empire wine imported has now risen to 70 per cent. of foreign wine, as against 25 per cent. in 1930. The increase is chiefly in imports from Australia.—British Wireless Service.

QUESTIONS ON MAIL CONTRACTS.

Suggested Indian Crew Quota in P. and O.

London, July 5.
 In the House of Commons Mr. D. Grenfell asked the Secretary of State for India what are the conditions governing the mail contract between the Government of India and the Peninsular and Oriental Steamship Company for the carrying of mails between India and this country; and whether, either by the terms of the contract or by convention, the Government of India will consider making the inclusion of a quota of Indian personnel in the crew a requirement for the continuation of the contract?

The Postmaster-General (Sir Kingsley Wood): I have been asked to reply to this question as the conveyance of the mails between India and this country in both directions is performed under contract between the British Post Office and the Peninsular and Oriental Steamship Company. The contract provides that the master and officers and at least three-fourths of the crew of every mailship shall be British subjects; and in practice, owing to the climatic conditions at least half the crew are Indian natives.

Mr. McEntee asked the Secretary of State for India whether the Government of India has contracts with any steamship company other than the Peninsular and Oriental Steamship Company for the carrying of overseas mails; and, if so, whether he will state the names of these companies and the amounts paid in respect of these contracts?

Sir S. Hoare: The contract for the Eastern Mail Service is between the Postmaster-General, not the Government of India, and the Peninsular and Oriental Steamship Company. Detailed information in regard to the arrangements of the Government of India with other shipping companies for the conveyance of mails is published in Appendix XI to the Annual Report of the Indian Posts and Telegraphs Department, of which I am sending a copy to the hon. Member.

John Leslie Retires

John Leslie, Vice President of the Canadian Pacific Railway, after more than 53 years of service with that Company and its subsidiaries retired from office under pension rules, on July 1, according to an announcement made by E. W. Beatty, Chairman and President of the system. Mr. Leslie will be succeeded by Mr. E. E. Lloyd, presently Comptroller of the Company. L. B. Unwin, Assistant Comptroller, will be appointed Comptroller and E. A. Leslie, Assistant Comptroller, will be appointed Deputy Comptroller.

"The Directors and myself desire to record our appreciation of Mr. Leslie's long, loyal and efficient service," Mr. Beatty said in announcing Mr. Leslie's retirement. Mr. Leslie has given a life-time to railway work in this country. He became a railroad engineer as a boy of 16, when in March, 1877, he entered the service of the Toronto Grey & Bruce Rail-

way, as a junior clerk in their Toronto office. He became Vice President and Comptroller, Montreal in January, 1926, and Vice President in charge of Finance, and Treasurer on February 10, 1928.

Mr. Lloyd, who succeeds Mr. Leslie as Vice President and Treasurer commenced his railroad career with the Canadian Pacific at Winnipeg in December, 1897, when he became a clerk in the Stores Department. He became Auditor of Stores & Mechanical Accounts at Montreal, in December, 1904; and after holding different posts in that department, became Auditor of Disbursements in March, 1918; Assistant Comptroller in February, 1921; and Comptroller in February, 1928.

the outbreak of the world war. He early answered the call to arms by enlisting in the first Contingent. Mr. Unwin was awarded the Military Cross, and earned his majority, being demobilized with that rank in April, 1919. On July 2, 1920, he was made Assistant Auditor of Miscellaneous Accounts, and on February 10, 1928, he was appointed Assistant Comptroller.

E. A. Leslie, who becomes Deputy Comptroller is a son of John Leslie, and followed his distinguished father into the service of the Canadian Pacific Railway Company. In 1912 he succeeded in winning a Canadian Pacific scholarship at McGill University, and became a student of transportation. He graduated in 1916 with a bachelor of science degree. Mr. Leslie immediately enlisted with the Canadian Artillery, and after serving in England and in France, was demobilized in May, 1919, with the rank of Lieutenant. July of the same year found him back in harness with the Canadian Pacific as clerk in the General Managers' office in Montreal. Mr. Leslie was promoted to the post of Assistant Comptroller in February, 1928.

SIGNALLING BETWEEN SHIPS.

Complete Records Kept By Admiralty.

It is general knowledge that when warships and merchant vessels are sighted by one another at sea, the act of each vessel is lowered in salutation. But how many know of the conversations that are constantly carried on between passing ships?

A complete record of all signals passing between warships and the mercantile marine is kept, and details are forwarded to the Admiralty, who publish the results as reports periodically.

The latest quarterly report records 1,483 successful "exercises" carried out between the Navy and the Merchant Service, H.M.S. Dahila, in the Red Sea, having the greatest number to her credit with a total of 127.

HASTINGS TRAP FOR FRENCH TRAWLERS.

Fishing Poachers Off English Coast.

London, July 5.

A fishery protection cruiser, partly manned by Hastings fishermen and using a code of light signals, is to make a determined attempt to trap French fishing boats that are making nightly raids in Bay of Biscay. As darkness falls, the French vessels put out their lights, and within the three-mile limit and shoot their nets among the mackerel. Not only are the Hastings men losing valuable catches, they are also having their nets badly damaged by the marauders. The protection cruiser Godetia, which the fishermen called to their aid a few days ago, is powerless to stop the raids.

Should it pursue the French vessels into the bay it would probably do hundreds of pounds worth of damage to the nets.

The captain of the cruiser, Commander Best, held a conference with Hastings fishermen, and a plan was evolved to trap the poachers.

A code of light signals was worked out and arrangements made for fishermen to board the cruiser. "I can never remember there being so many French vessels in Bay of Biscay," one fisherman stated. "There are three of them to every one of ours."

"The Frenchmen, however, take the pick of the fish from under our noses."

"Last night there was a French fishing-boat on each side of mine."

"They were showing lights similar to mine—though they are trawlers and supposed to show a different light from the Hastings drifters."

"That is how they deceive the fishery cruiser."

Councillor E. J. Broeds, a member of the East Sussex Sea Fisheries, declared:

"It is a scandal that these intruders should be able to rob our men of their living. If any of our are caught I shall press for them to be charged not only with trawling within the three-mile limit, but also with using nets of an illegal mesh. It is a mesh that destroys all the young fish."

A heavy fine and confiscation of their nets is the usual penalty imposed on fishermen-poachers.

TOBACCO REGULATIONS AT CANTON.

In regard to the new tax on tobacco at Canton, notice has been issued to all passengers going to that city; that they shall be allowed to land with only 20 cigars (unpacked) and 50 cigarettes (unpacked). Transients carrying more than that amount will have them confiscated, and in addition will be fined for the quantity seized.

AGENDA DRAWN UP FOR CONFERENCE.

World Economics To Be Discussed.

COMMITTEE AT WORK.

Geneva, July 19. The Commission of the League of Nations' Council, which is entrusted with the task of organising the forthcoming World Economic Conference, met here today, for the first time. It is stated that the question of America's participation in the Conference formed the main topic of the discussion.

According to information available so far, the agenda of the World Economic Conference will comprise the following items: currency and credit policy, circulation of exchange bills, price levels, circulation of capital, improvement of the methods of production and export especially the tariff policy, import-quota, and industrial combines. The Conference will, it is said, pay special attention to the problem of reducing the difficulties attendant on exchange and transfer. — Kuo Min.

RESCUED AIRMEN FLY TO CIVILISATION.

Bertram and Comrade Now in Perth.

Perth, July 19. The German flyers, Capt. Bertram and Klausmann, whose miraculous rescue from death recently aroused so much interest throughout the world, arrived here today from Wyndham. They were received by the Mayor of the city, in the name of the Commonwealth Government, as well as by members of the Australian Aero Club and the German Consul.

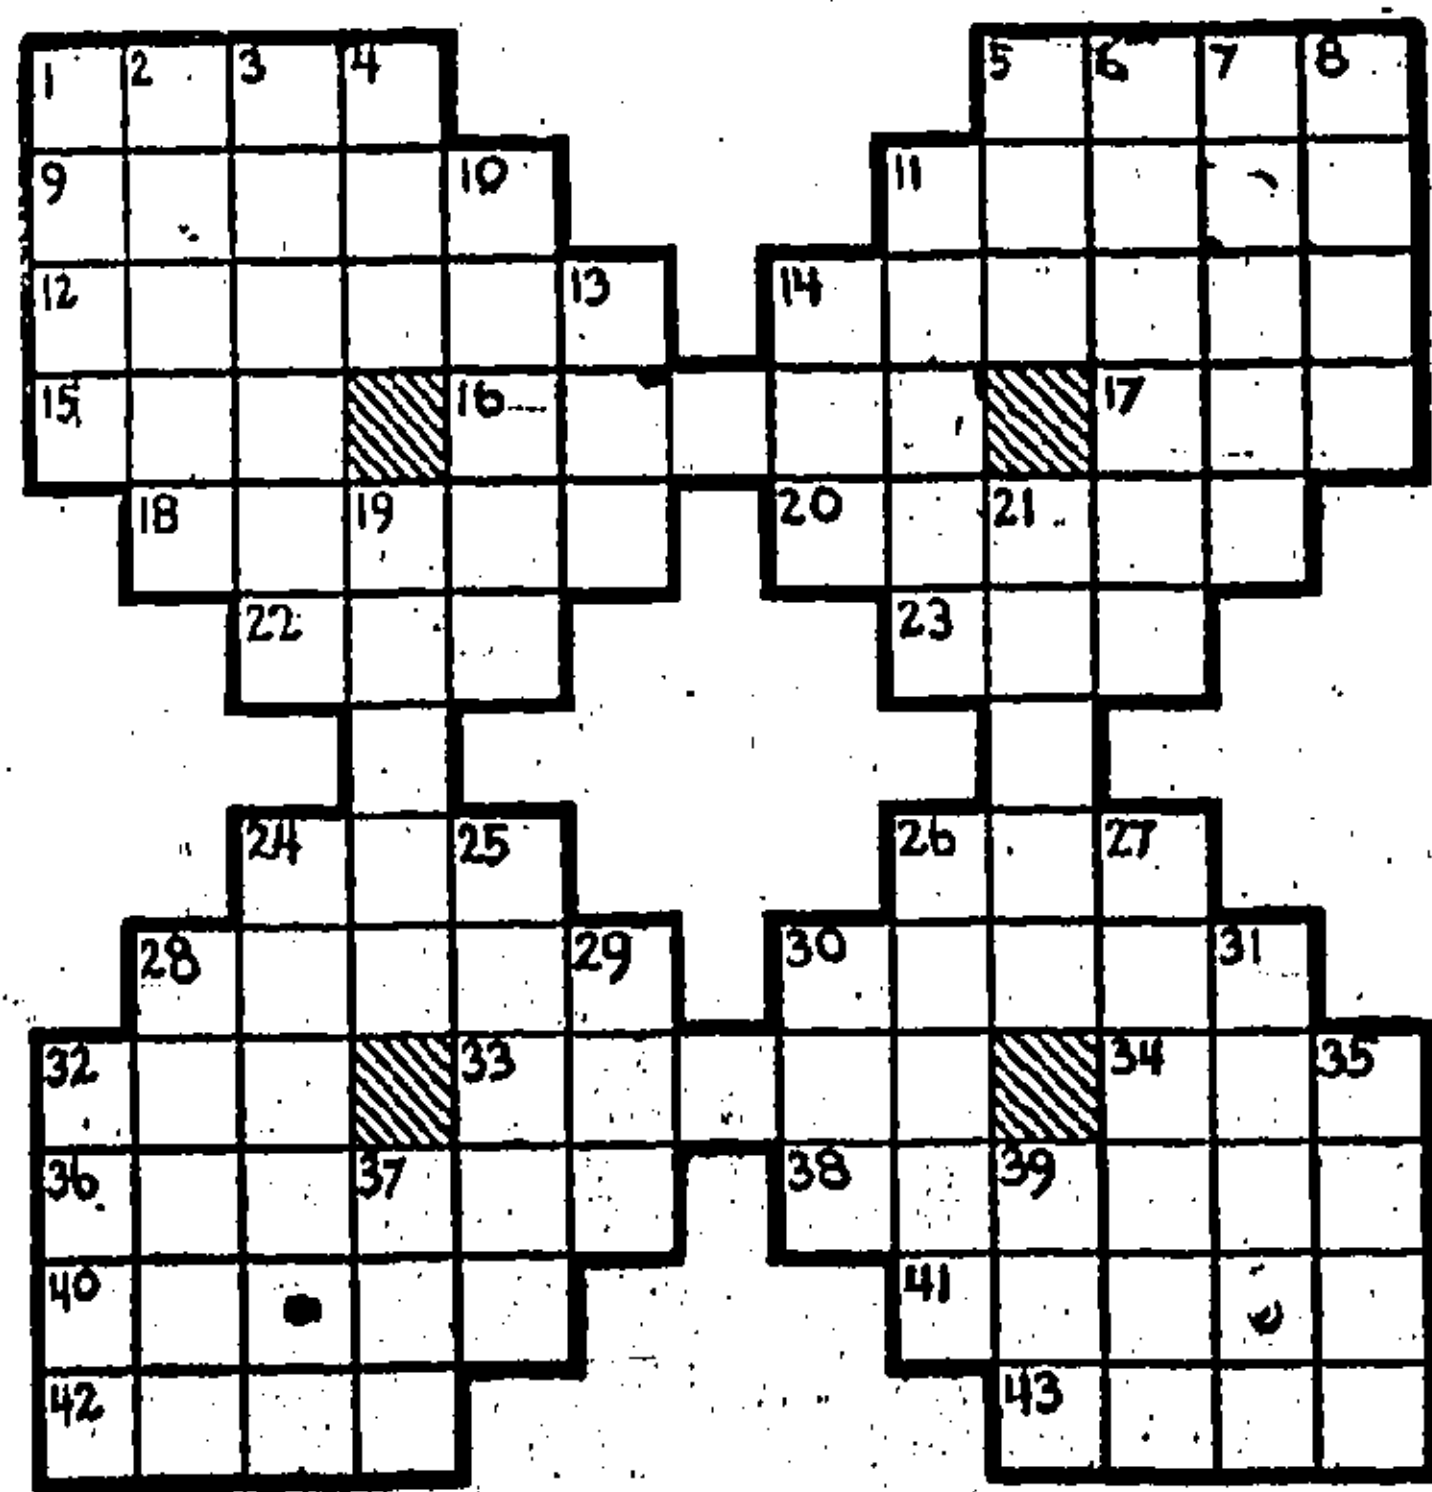

Klausmann's health since his rescue has improved greatly. — Kuo Min.

Fighting For The Argentine Market

The United States' Trade Offensive

BRITAIN'S VITAL INTERESTS

If Brazil is the Garden of Eden, where Adam and Eve, very overworked, are struggling with prolific nature, and Uruguay's social experiment, Argentina is the arena of the greatest trade battle known to the modern world.

Here England, the United States, and to a minor extent Germany, are struggling for supremacy in a market more or less essential to their economic rehabilitation. It is a titanic conflict, but then everything in the Argentine is on the same colossal scale, writes Roquita Forbes in the Daily Telegraph.

"No imports except where absolutely essential" is a watchword inaugurated to retrieve her balance of trade. But it is a temporary one, for Argentina cannot, in our generations, be self-supporting. She is too large. Her population is fast increasing, with families numbering anything up to a couple of dozen, but unless she finds herself once again in a position to encourage and organise suitable immigration, so that her home markets will be developed, she is not likely permanently to limit her imports.

British Capital and Enterprise. For many years, therefore, the Republic must depend on her foreign trade. Until the general depression made itself felt in the wheat and cattle markets, the Argentine, with an annual turnover of \$350,000,000, had by far the largest per capita export and import business in the world.

This, then, is the arena of the modern commercial invaders: British, American, and German. For generations, of course, the British have considered Argentina as their economic ally. To her service fifty or sixty years ago they devoted not only the capita which built two-thirds of the railways and the first banks and business houses, but the courage and enterprise which developed new provinces and opened up virgin forests for the planting of fruit and sugar-cane.

The pioneer spirit of England gave the Argentine a chance to cultivate her unrivalled resources.

Consequently, England is inevitably and vitally interested in strengthening her links with a progressive and productive country, to which she contributed her own spirit of initiative, and in which today she recognises the qualities essential to success.

To a certain extent the British Colonies and Dominions must be the rivals of the Mother Country. Involved as they are in industrialisation and the enlargement of their home markets, they are beset by the same problems as Great Britain, whereas the Argentine, with the vast resources of her soil, is the natural complement of a manufacturing country.

The United States' Trade Offensive. English merchandise followed the first mud roads across the length and breadth of the Argentine, and was itself followed by English investment. To-day there is something like \$600,000,000 of British capital in the Republic, represented by a wide range of interests, from railways to ranches. This vast conglomerate of capital, which, with the inevitable renaissance of the Argentine, may be as productive in the future as in the past, is threatened, not by the aggressive nationalism of equally new but less far-seeing countries, but by the industrial armies of America and Germany.

The United States talk frankly of a market "dropped in their laps." They only need to sell 10 per cent of what they produce, whereas out of every pound's worth of goods manufactured in Britain we must sell nearly 7s worth abroad.

The Argentine receives the bulk of her income from England, for we buy her wheat and cattle. In comparison the U.S.A. takes very little from her great Southern customer, but as she also is a new nation, building rapidly and scrapping what she does not require, thinking in miles instead of yards, creating every year more and more ingenious machines to eliminate man power in the exploitation of vast areas, and producing quantity for the vast areas, and producing quantity for the masses rather than quality for the individual, she has the advantage as a salesman.

At this moment America is contesting our trade offensive in the Argentine with the strongest counter-attack she has ever launched overseas.

Realising that South America is her "biggest business bet" and the only portion of an over-borrowed world where financial intercourse is likely to foster material goodwill, she sees her economic future concentrated in the Argentine. And she probably isn't far wrong!

Unique Possibilities as World's Playground. There are many areas in the Republic which could multiply their output three to five times if costs of production could be reduced.

The swallow-immigration which took its wages out of the country at the end of six months' work, or scraped a modest fortune from the earth it rented for a few seasons and returned to spend it in Italy, is dwindling. Future settlers will become as Argentine as the men with Scotch and Irish names who cannot speak a word of what was originally their language.

The post-war habit of travel which sends tourists farther afield every year must, as soon as times improve, force upon the Argentine her unique possibilities as a playground. She has everything to offer visitors tired of an overcrowded Europe. Geographically and individually she is cosmopolitan, and she is receptive of new ideas, and new influences, alert, optimistic and quick to recover her poise after years of slovenly dictatorships.

GENERAL LEE VISITS IN HONG KONG.

Here To Talk Of War
And Banking.

General Lee Chung-yan, Commander-in-Chief of the 4th Route Army, arrived here by s.s. Tai Shan last night. He was met at the wharf by Miss Wu Mook-lan, daughter of Mr. Wu Han-min.
The object of the General's visit to Hong Kong is said to be a consultation with Mr. Wu Han-min on the Anti-Communist expedition, and also on the establishment of the Kwangsi Provincial Bank.
It is understood that the latter project may not be consummated by August 1, as had been planned originally.

INDECENT PICTURES ARE SEIZED.

Chinese Owner Given
Stiff Fine.

"These are the most revolting pictures I have seen," remarked Mr. Wynne-Jones in the Central Police Court this morning when he imposed the maximum fine of \$250, with the alternative of three months' gaol, on Chau Shut-fan, accountant of the Kin Wah shop, Des Voeux Road Central, who pleaded guilty to a charge of having had on public view pictures of an obscene and indecent nature.
Chief-Detective-Inspector Reynolds said that the pictures were actually shown to Mr. Thompson, A.S.P. As a result a search warrant was executed, and the defendant handed over three boxes of pictures.

ZEPPELIN TO SAIL TO S. AMERICA.

To Carry Passengers And
Mail On Trips.

Friedrichshafen, July 19.
The Zeppelin Works announce that on August 15 the airship Graf Zeppelin will start on another flight to South America which will initiate this year's flight season across the Atlantic.
Thereafter the airship will make a round-trip to South America every two weeks, carrying passengers, mail and freight.

GERMANY THREATENS TO ARM.

(Continued from Page 1.)

The "Times," in welcoming Germany's decision, says that since the Pact has been instituted its need has been emphatically underlined by Herr Nadolny's plea at Geneva for recognition of German equality.
The "Times" thinks the Pact offers the best possible method for taking up this question and reaching an agreement thereon, and considers that the sooner this question is faced, the more likely it is to be satisfactorily solved. —British Wireless Service.

MAINTAINS KIANGSU WAS NEGLIGENT.

Shipping Company's
Appeal Goes On.

COLLISION IN FOG.

The appeal before the Full Court and two naval assessors, in which the Nippon Yusen Kaisha, represented by Mr. H. G. Sheldon, is seeking to reverse a judgment for \$40,000 given against them by Sir Joseph Kemp in favour of the China Navigation Company, which is represented by Mr. Eldon Potter, K.C., and Mr. F. C. Jenkin, K.C., was continued this morning. The case arose out of a collision of the s.s. Kiangsu and the s.s. Toyooka Maru.

Mr. Sheldon resumed to-day. He submitted that the Kiangsu was negligent for not stopping when the first whistle was heard from the Toyooka Maru at 7.47, and when a series of other warning whistles was sounded, until 7.52. "Certainly, by the frequent whistling, the Kiangsu should have known that another ship was crossing her bows," he said.

According to Sir Joseph Kemp's judgment in the Lower Court, the Toyooka Maru was entirely at fault by not dropping her anchors when a collision was inevitable.
Mr. Eldon Potter, representing the China Navigation Co. commenced his argument. He said that the tale of the Toyooka Maru's manoeuvres was shrouded in mystery. He found, he said, the evidence given by the pilot and captain of the appealing ship unreliable. "As a matter of fact, he went on, I put it to your Lordships, the course alleged to have been taken by the Toyooka Maru is utterly impossible for an outward bound ship to maintain on a clear day."
The case is continuing.

BIG TOBACCO SUPPLY IS SEIZED.

Three Arrested By
Indian Sergeant.

Arrested by Sergeant Kapoor Singh in Main Street, Shaokwan district, at daybreak, three unemployed Chinese appeared before Mr. Schofield in the Central Police Court this morning charged with the unlawful possession of approximately 1,400 lb. of Chinese tobacco, on which duty had not been paid.
Defendants pleaded guilty, and were remanded in custody for 48 hours.

COMMITTEE WORK AT OTTAWA.

London, Yesterday.
Yesterday, three new sub-committees, to deal with Customs administration, economic co-operation and the monetary and financial question were appointed.
The main committee on trade within the Commonwealth also met, and examined the bearing of unfair trade practices on tariff and preferential tariff arrangements. —British Wireless Service.

EFFECT OF IRISH DUTIES.

Miners Will Suffer
In England.

London, Yesterday.
An effort to combine retaliation with the desire to find markets outside the United Kingdom, is the verdict of London political circles on the new Irish duties, which are, however, less extensive than anticipated and apply only to about \$8,000,000 worth, equivalent to about one-third, of the Free State imports.

The commodities affected include some in which Britain is already facing very severe competition, for instance, coal. An authority on the coal trade stated that if the Irish market was lost as a result of the tariff, this would be equivalent to throwing eight thousand miners out of employment.

Mr. de Valera does not expect the price to rise, but in the event of an unjustified increase, the Government will deal with the matter.

It is noteworthy that certain exemptions are made in respect of Northern Ireland, while the Isle of Man, which has not imposed duties on Free States products, is exempt entirely from the provisions.

Mr. de Valera is undertaking a tour of the Free State in furtherance of his policy, and meanwhile, the Cosgrave Party, meeting in Dublin, passed a resolution condemning the efforts to stamper the country and calling upon all patriots to demand peace before it is too late. —Reuter.

Chinese Is Ruled Out.
There will also be a tariff on pigs, meat and sausages, and the importation of cheese will be prohibited. —British Wireless Service.

METEOR PLUNGES NEAR GERMAN CITY.

Heidelberg, July 19.
Practically the whole of the Palatinate was aroused last night by a terrific noise and shock which at first was by many believed to have been caused by an earthquake.

Very soon, however, it was found that a meteor of extraordinary size had crashed down somewhere in the district.

Startled observers report that this meteor, the light of which filled the whole sky, had a long tail like a comet. A search is now under way to find the place where the meteor came down. —Kuo Min.

BELGIAN DRIVE ON COMMUNISM.

(Continued from Page 1.)

A number of arrests, including the French and Flemish editors of "Le Drapeau Rouge," have been made.

Police found quantities of propaganda literature and correspondence in the house of a professor in Brussels University, who fled after burning a number of papers. Letters, however, remained and showed he had been seeking information regarding national defence secrets from an artillery officer.

The introduction of the French Communist newspaper "l'Humanite," into Belgium, has been banned.

Always have GARDAN in the house!

In the tropics pain and illness are particularly liable to appear suddenly. In headache, toothache, neuralgia, rheumatism, sciatica, lumbago, muscular pains, and above all in fever and its accompanying symptoms, GARDAN is of definite value.

When you are out of sorts remember:

GARDAN prevents and stops pain
